coffee-making facilities. The tents have a semi-open bathroom at the back of the tent with hot shower, flush loo and basin.

Since you will probably arrive in the afternoon on the first day, we will show you into camp and give you a safety talk on what to do when you see animals in camp, before you can freshen up and then head to the bar/restaurant to enjoy some refreshment and dinner before retiring to your tent to be serenaded by the nearby hippo!

In the morning, it's an early start so you can make the most of the light and when the animals are at their most active.

We offer you an early breakfast of toast and cereal, tea and coffee at 05h30 before you head out at 06h00 on a morning safari, exploring the park, taking the sightings as they come, with your guide detailing all you

are seeing and adding interesting observations drawn from his years of experience in the Park. You will head back to camp at around 10h00, in time for breakfast or a brunch/lunch type meal – whichever you prefer? Then there is time to relax during the hottest part of the day, enjoying a dip in the pool perhaps or a siesta after your early start? If you prefer to stay active, then we shall find you plenty of other interesting things to do! If you are interested in village life in rural Zambia, we can happily organize a visit to the nearby Mfuwe village, including our anti-poaching base and some of the local community projects, including schools, we are supporting in this area.

In the afternoon, we meet again in the courtyard at around 3.30pm, for some tea (hot or iced!) before heading back into the Park with your guide for the afternoon safari.

The South Luangwa National Park is one of the last few undisturbed wilderness areas in Southern Africa. The habitat has been left untouched since life first began. Our guides take

huge pride in their work, being able to identify numerous alarm calls and to track animals and try to anticipate their next move so as to position you for the best sightings.

As the sun starts to dip towards the horizon, your guide will aim to find a good spot to stop so you can stretch your legs and watch the sun set with a cold drink in hand... Then, once it's nearly dark, you will carry on game-viewing with a spotlight, searching for some of our interesting nocturnal residents, like the leopard, lion, porcupine, civet, genet, owls and hyaena. You will return to camp just after 8pm when the Park closes, in time for dinner and to relive your sightings with us!

Your stay at Flatdogs includes your accommodation in a luxury safari tent, all meals, two game viewing activities per day, National Park Entry fees, an hour's internet per day, laundry and return airport transfers. Not included are drinks or items of a personal nature.
